SUMMARY

Enthusiastic Computer Science Engineering graduate skilled in programming languages, data structures, and algorithms. Eager to contribute innovative solutions and collaborate within dynamic teams. Seeking an entry-level position to apply academic knowledge and hands-on experience to drive excellence in software development. Committed to continual learning and making impactful contributions to organizational success.

EDUCATION

Bachelor of Technology, Computer Science Engineering 2019 - 2023
[Government Engineering College Idukki](#) Idukki, Kerala

PROJECTS

E-Learning App with Predictive Learning Styles

- Led the development of an innovative e-learning application, utilizing machine learning algorithms to predict individual learning styles
- Applied expertise in CSS and Java to create a dynamic and user-friendly interface for the e-learning app, significantly enhancing the overall learning experience for users
- Employed tools such as Android Studio, Jupyter Notebook, and Firebase to ensure efficient and seamless application development

Library Management System

- Engineered a web-based Library Management System accessible to both staff and students, streamlining tasks such as pre-booking, issuing, fine tracking, and other online features
- Executed the project using Java, HTML, and CSS
- Utilized tools including Visual Studio Code, phpMyAdmin, and XAMPP for efficient development and seamless integration of the Library Management System

CERTIFICATES

Hackathon Participation

ADVAYA GEC IDUKKI

- Engaged in HACKATHON conducted by ADVAYA National Level Multifest at GEC Idukki
- Designed and implemented an innovative water level alarm system to enhance safety measures
- This system promptly detects and alerts users when water levels rise beyond predefined thresholds, preventing potential hazards

Digital Marketing Workshop

RAGAM NIT CALICUT

- Participated in a comprehensive Digital Marketing Workshop conducted by NIT, Calicut
- Acquired in-depth knowledge of digital marketing strategies, including SEO, social media marketing, and email campaigns

Problem Solving & Logic Building Workshop

FOSS Cell, GEC Idukki

- Participated in an intensive workshop conducted by FOSS Cell, GEC Idukki, focusing on honing problem-solving skills and logic building

Courses

SkillUp JavaScripts for Beginners

- Completed an online course providing comprehensive insights into JavaScript fundamentals
